

Scottish ACU - Regulations for Trials Discipline - 2019

The National Sporting Code and the Trials Standing Regulations of the ACU (as adopted by the Scottish ACU) and the Supplementary Regulations and any final instructions shall apply.

These regulations will be applicable from 1st January 2019 to 31st December 2019 inclusive.

The Scottish ACU, its Directors and Employees and Office-bearers accept no liability in respect of loss or damage occasioned directly or indirectly as a result of the publication of these SACU regulations. It is a matter for each individual to satisfy themselves as to the suitability of any course, facility or product (including machinery and clothing) offered by any clubs, venues, landowners, advertisers or manufacturers and for such individuals to ensure that adequate insurance and medical arrangements have been made to protect their interest with regard to any such activity undertaken.

OFFICIALS - For all SACU permitted Trials events the following certified officials are required

Secretary of the Meeting

Clerk of the Course

1. METHOD OF MARKING:

1.1 **NON STOP** (Ref: TSR 22B, ACU Handbook): If all forward motion of the machine ceases, riders will incur 5 marks. i.e. Stopping; reversing; moving sideways all create a cessation of forward motion which is classed as a stop. This system must be used for all SACU Championship, National, National Restricted, Open to Scotland and Closed to Club events.

1.2. **OBSERVING GUIDANCE:** See point 1.1 above for marking a riders' performance.

If a rider's machine fails to maintain *forward motion*, within the boundaries of a section, the observer must award 5 marks to the rider. This is known as a "stop". There is no time delay applicable, a "stop" means 5 marks is lost. Hopping the machine sideways may also incur a 5 mark penalty if the observer deems that all *forward motion* of the machine had ceased with the operation of this *sideways movement*. The observers' decision on whether a rider has stopped or otherwise is final. This rule should be applied universally to all riders, in all classes, irrespective of which category they compete in and irrespective of the severity of the section.

Clerk's of Courses should give consideration and lay out their event with this guidance in mind

1.3 SECTION MARKERS:

Five marks will be awarded to a rider if his/her machine passes the wrong side of, runs over or displaces a section marker, with either wheel, before the front spindle passes the 'Section Ends' cards.

1.4 COLOURED GATE SYSTEM:

In order of severity/difficulty the routes will be:

RED ROUTE: This route will usually facilitate the Premier Championship.

BLUE ROUTE: This route will usually facilitate the Sportsman, Over 40 Sportsman and Youth A Championships.

GREEN ROUTE: This route will usually facilitate the Clubman, Over 40, Youth B and Classic A Championships.

YELLOW ROUTE - This route will usually facilitate the Youth C, **Adult C** and Classic B Championships.

This route should be widely used by clubs to attract new entrants into the sport of motorcycle trials.

CONDUCTED ROUTE - A conducted route should be used for the Youth D & E Championships.

It is possible to have any combination of these cards grouped together to indicate or provide a common route within a section. A competitor must ride between all the relevant coloured route markers within a section or sub-section or will incur a five mark penalty.

The host club must stipulate the coloured gate system in the event supplementary regulations.

Sections must be ridden in lap order and in sequence for all routes.

2 ELIGIBILITY: Competitors should be in possession of an SACU or ACU Trials Registration card, or purchase a One-Event Licence (OEL) for Closed to Club, Open to Scotland National and Championship events.
